

Wales for Africa Grant Scheme – Round 1**Grant Awards**

Organisation	Theme	Location	Project Description	Grant Awarded
Betsi Quthing International Health Partnership	Health	Lesotho/North Wales	This project builds on previous education-based projects to build in a model of locally sustained cascade training identifying local trainers. This is focused on urgent care skills in maternity care, pre-hospital care and community first aid aimed at reaching the poorest and most remote communities of the mountainous Quthing District.	£15,000
Cardiff University	Health	Namibia/South Wales	The Namibian Nurse Leadership Project will teach student nurses and senior nurses' leadership and management to effectively manage healthcare environments and develop and teach others. It will also establish a buddying scheme to enable nursing students and senior nurses in Namibia and Wales to learn from one another.	£13,389
CEMPOP UK	Sustainable Livelihoods	Uganda/South Wales	The project aims to reduce rural poverty in Uganda by creating sustainable community-based agri-business systems for peppermint oil production, extraction, processing and marketing; focusing on rural women and youth, through social enterprise groups.	£15,000

Dolen Cymru Wales Lesotho Link	Health	Lesotho/South Wales	The project will sustainably improve mental health and wellbeing of people in Lesotho by increasing the understanding, identification and management of mental health issues by local health teams.	£15,000
Giakonda Solar Schools	Lifelong Learning	South Wales/ Zambia	Solar powered learning Resources for Zambian Schools Giakonda Solar Schools will set up solar panel systems in 3 rural schools in Southern Zambia. These will power laptops, routers, a projector, LED lighting and the Raspberry Pi computer delivering RACHEL world class learning resources offline. We will deliver training sessions on use and maintenance of all the equipment.	£10,000
Glan Clwyd- Ethiopia Link	Health	North Wales/Ethiopia	'Sharing skills for sustainable clinical and non-clinical development This year Glan Clwyd-Ethiopia Link will build on previous work, with clinical courses for doctors, nurses, health officers and students; echocardiography/cardiology training; support for medical engineering, IT and the primary care Continuing Professional Development project. All support is provided on a 'train-the-trainers' basis, allowing our partners to sustain and extend changes after our visit.	£8,658

Griot Creative	Lifelong Learning & Sustainable Livelihoods & Health	Kenya/South Wales	<p>Diaspora lead participatory video project with girls abandoned due to non-acceptance of FGM and Child Marriage practices.</p> <p>The project will enhance the skills developed in a pilot project partnering Griot Creative with BAWSO in Wales and build on the existing relationship between BAWSO and Kenya.</p>	£14,178
Love Zimbabwe	Climate Change & the Environment	South Wales/Zimbabwe	To increase resilience to climate change by supporting 100 women in Mutake village to plant and protect 3000 trees, encouraging them to use renewable energy and supporting small scale agricultural enterprises.	£15,000
Teams for U Ltd	Lifelong Learning	North Wales (Wrexham)/Uganda	Keeping children in education through reducing infection, spread of disease and avoidable ill health through tackling high-risk WASH practices in schools in Kumi.	£15,000
Treeflights Ltd	Climate Change & the Environment	Mid Wales/Kenya	<p>This project will complete construction of the Bore Community Forest Centre, facilitate an international climate change conference and deliver long-term income sustainability for the Bore community.</p> <p>50,000+ trees will be planted, 60+ acres of tropical forest protected with wide engagement of people in mid-Wales around the climatic/development issues.</p>	£15,000

Tropical Forest Products	Sustainable Livelihoods	Zambia/ Mid wales (Aberystwyth)	This project will increase income to beekeepers and their families in rural Zambia by promoting Zambian forest honey with immune-stimulating properties. This project will allow us to include 500 more beekeepers from rural, low income areas into our cooperative and so provide them with a reliable, sustainable source of income.	£15,000
Wales African Film Festival	Lifelong Learning	South Wales/Kenya	Youth-led collaborative production of a film exploring what 'coming of age' can mean in Kenya, Tanzania and Wales, three short films will be produced and blended into a feature length film exploring what are the similarities and differences? how do young people in different places undertake their journeys into adulthood?	£15,000
